

# NEW ROUTE TO BE INTRODUCED AS OF JULY 2009

There will be a new route introduced to SATURDAY trials as of July 2009 that will be set just above novice level and just below intermediate level.

This route will be Novice Elite and will be marked as per the current novice route but with GREEN flagged deviations.

The purpose of this route is to provide a more challenging route for the experienced novice riders who are not quite yet ready to move up to inters.

Please check with the secretary of the meeting before signing on.
