

Win For Wigg

Surrey Schoolboys Trials Club 9th February 2008

Author Paul Mealyer

Another good rider turn out for Surrey's round 2 Saturday trial at Trumps mill.

All the riders seem to enjoy this venue & it proved to be a very enjoyable yet competitive day.

The biggest group, beginners, remarkably ended in 6 riders all clean for the day. Millie Ray, Becky Mealyer, Toby Smith, Joe Lethbridge, Tom Fearson & Harry Coleman all riding very well indeed. Harrison Chambers ,now getting to grips with his Gas Gas took 1 dab all day must be cursing section 4.

The novice group showed a slick performance from Lydia Wigg finally beating the boys on her 125. With Aaron Hopkins in second, choosing to ride his 80 not his 125 this time & perhaps wishing he'd changed his mind. A recently introduced Surrey small wheel Novice group, saw another good low scoring 1st place ride from Jack Frearson. Connor Smith needed 3 different bikes to finish this group, finally just it making through the last section to run out of fuel!

In the intermediates a fallen log in section 1 caused a number of problems for the riders. No trouble for Frazer Cannom going clean here all day & finishing 15 points ahead of his nearest rival.

Good to see some experts back with some very controlled riding & close scores. Richard Tickner keeping a close eye on James Ray's lines took the win.
